GENETICS

- Semen Collection and Storage
- RSGsires.com
- Embryo and Semen Sales

WELCOME TO GREATER DES MOINES, USA NATIONAL VALAIS BLACKNOSE SHEEP SHOW!

Welcome, participants and families!

It's an honor to host the 3rd Annual USA National Valais Blacknose Sheep Show here in Greater Des Moines. Each year, this event continues to grow, bringing together judges, breeders, and enthusiasts from around the world. This year, we're especially excited to see the show expand with the addition of a live auction, adding even more energy to an already vibrant gathering.

You'll be showing at the Iowa State Fairgrounds where the world-renowned Iowa State Fair is held, bringing in over one million visitors each year. It's a venue known for its rich tradition, vibrant atmosphere, and world-class hospitality. And while the Sheep Barn has seen plenty of champions, its real distinction comes from the international flair you bring, welcoming guests from the United States, Canada, Scotland, England, Wales, and New Zealand.

While you're here, you'll quickly learn that eating is one of the best ways to experience Greater Des Moines. Start with our signature dishes: the breaded pork tenderloin (you'll spot it on menus all over town) and Steak de Burgo, a local classic you won't find anywhere else. Hungry for more? Our Des Best lists showcase the top restaurants, bars, shops, and attractions – picked by locals – so you can taste, sip, and explore like a true Iowan. Find them all at catchdesmoines.com/desbest.

We're so glad you're here! Have a fantastic show, enjoy your stay, and don't forget, in Des Moines, only the S's are silent!

Warmest welcome,

Trina Flack

Our Sheep Are Vermont Maple Sweet

We have been participating in the Valais Breed up program since 2019 and we offer a full selection of breed up and pure-bred Valais Blacknose Sheep. Our foundation stock is Registered Scottish Blackface and have prided ourselves in utilizing the finest semen available and breeding principles as we use the Swiss Breed Standard as our framework. Please stop by sheep barn and meet our "Sweet" Sheep and the Vermont Valais Blacknose Sheep Company team!

3:00PM / PRESENTED BY MELISSA & JOSH DALTON, SYDELL SHEEP & GOAT EQUIPMENT

MEET THE JUDGE

PHIL GARROD

Whilst Phil has always been involved in agriculture, his Valais Blacknose journey began back in 2015 when his wife, Hayley, spotted these beautiful sheep on the Internet and said excitedly, "We have GOT to get some of those!" Twelve months of research led to the purchase of three ewes and one ram, and so the 'Puddle Lane' story began. Ten years on and with a flock of around 120, Phil and Hayley focus all their attention on breeding quality Valais on their family run smallholding in rural Herefordshire, England. They love attending agricultural shows with them and are proud to have bred several Supreme Champions, Interbreed Champions, and Maximum Point sheep over the years.

Phil has judged various stock over the years, but more recently his focus has been solely on Valais. In 2022, Phil was offered the opportunity of traveling to Switzerland to undertake training to become a Grader of Valais Blacknose sheep. "It was an intense five-day course led by Oberwalliser Schwarznasen (Swiss Valais Blacknose Society), and I felt privileged to be awarded my qualification, enabling me to use the knowledge I had gained to go on and benefit others."

Away from Valais Blacknose, Phil currently works in the motor industry and enjoys spending time with Hayley and their four children ranging in age from 28 to 5 years!

"I'm delighted and honored to have been asked to attend such an exciting event in the U.S., and very much look forward to meeting the breeders and of course, their sheep."

Phil Garrod

MEET THE JUDGE

GERALLT JONES

Gerallt's passion for sheep farming began early while working alongside his grandfather and father on their traditional Welsh hill farm in Waunfawr, North Wales. He currently works for a hydroelectric company, but despite not being a full-time farmer, he remains heavily involved in the family farm.

In 2017, he founded the Snowdonia Flock as an introduction to sheep farming for his youngest sons. His mission is to preserve Swiss breeding traditions and produce show-quality animals that remain true to the sheep found in their native homeland, with quality as his top priority.

Over the years, Gerallt has worked tirelessly to promote and raise awareness of the breed. He has participated in multiple TV shows and radio interviews, and his family has been instrumental in securing dedicated breed classes at the Royal Welsh Show, the largest agricultural show in Europe, as well as at local shows.

Since debuting on the show circuit in 2018, the Snowdonia Flock has exhibited at national, royal, county, and local agricultural shows, achieving numerous successes, including breeding national and royal champions, maximum points animals, and setting breed sale records.

Gerallt is also a certified judge and grader of the UK Valais Blacknose Society, with experience officiating across the UK and Northern Ireland. In 2025, he served as a grading judge at the UK's prestigious Blacknose Beauties National Show & Sale and returns to the USA National Valais Blacknose Sheep Show for a second consecutive year.

Gerallt Jones

MEET THE JUDGE

RAYMOND IRVINE & JENNI MCALLISTER

Raymond is a third-generation farmer based in Tomintoul, Scotland, in the Scottish Highlands. They farm a 4000-acre mixed and hill farm. They have a commercial herd of 50 cattle, 50 pedigree Charolais cattle, 800 Scottish Blackface and a flock of about 80 Valais Blacknose. Raymond is known more for breeding pedigree Charolais bulls and the Charolais showing circuit.

"Like everyone else, we fell in love with the Blacknose instantly. They have an inexplicable pull which you naturally gravitate toward, coupled with a welcoming temperament. And they are cute!"

My partner Jenni and I first introduced the Valais Blacknose to Scotland in May 2014 after much researching of the breed and top shepherds in Valais, Switzerland. However, access to breeders and information was limited on the Internet at the time. It was evident that we had to visit the home of the Blacknose and connect with breeders directly. It was at this stage where the real adventure began and the dream to have our own Blacknose flock, started to become reality.

Albeit the export process was a long and challenging one, it has been one of the best things we have done. Not only have we found this wonderful breed, but we have also met wonderful people from all over the world and lifelong friendships have been formed."

Raymond Irvine
Jenni McAllister

MEET THE JUDGE

JAMIE WOOD

Jamie runs a 3000 acre mixed family run farm in the heart of the Northumberland National Park in England where he runs approximately 2500 sheep and 160 Aberdeen Angus cows.

In 2013, Jamie was one of the first to import sheep direct from Switzerland. Jamie's maximum renowned Prendwick flock has fantastic genetics. Producing the world-renowned ram, Prendwick Eros, and also Prendwick Basil – both of which graded maximum points twice by Swiss judges. Prendwick has bred some outstanding sheep whose genetics are winning shows in countries far and wide.

Jamie, along with two other breeders, set up the first UK Blacknose society in 2013. Jamie has spent many years in Switzerland working alongside Swiss shepherds to gain the professional knowledge he has with the breed. Jamie became a certified grader of Valais Blacknose sheep, trained and certified by Oberwalliser Schwarznasen, the Swiss Valais Blacknose Society, in 2022.

Jamie, who is also a passionate mountaineer, has climbed some of the world's highest peaks and raced to the North Pole. Jamie also flies a plane in his spare time.

Make the

SMART DECISION

Leading Aluminum Trailer Innovation for over 36 Years

The Leader in Heavy-Duty Construction

All-Aluminum Trailers

- Built the way YOU want
- Gooseneck and Bumper 10' x 39'
- Single and Double-deck models

All-Aluminum Livestock Poppers

- 10-Year Warranty
- Models to fit any truck

Livestock POPPER™

fits between fender wells of a pickup. Easy to slide in, and gives animals full protection.

Dual-Line is a 2-way trailer specifically designed for small animal producers. Use as a livestock trailer, or remove the top and use as a utility trailer. 4'x6' up to 6'x14' sizes.

Showmaster, designed for medium-duty needs, at an affordable price. Includes standard aerodynamic V-shaped front, and pulls easier with more usable space. Various of heights and widths available.

LAMBING PENS

EASY ASSEMBLY AND FUNCTIONAL FEATURES MAKE PREPARING FOR LAMBING AND KIDDING A BREEZE

Sydell Deluxe Lambing Pens provide multiple pinning options including wall mount, single row or back-to-back with freestanding model.

Begin with a starter pen and use the add-on pens to make a customized connected row of lambing pens.

Valais Blacknose Sheep

Hello from Brock Valais Blacknose in New Zealand! We can't wait to return to Des Moines in 2025. We have been exporting embryos from NZ since 2021 and we are excited to bring a new selection of genetics to the US this year. We look forward to seeing you!

CATEGORY	BREED STANDARDS GRADING CRITERIA	POINTS DEDUCTION & EXCLUSION CRITERIA					24-36 MONTHS
		4-8 MONTHS	8-12 MONTHS	12-18 MONTHS	18-24 MONTHS	24-36 MONTHS	
		Max points which can be awarded (4/4/4) 12 points total	Max points which can be awarded (4/4/4) 12 points total	Max points which can be awarded (5/5/5) 15 points total	Max points which can be awarded (5/5/5) 15 points total	Max points which can be awarded (6/6/6) 18 points total	
		Points Deduction & Exclusion Criteria Points are deducted based on lack of appearance, conformation and wool traits Exclusion applies when animals do not meet breed standards and are presented with flaws					
		Points Can Be Deducted For Reasons for Exclusion (Points are scored as 1 – if an animal receives a 1 for any of the flaws listed below, they will be disqualified)					
Appearance	Markings	• ♂ Black encompassing the eye area connecting with the black of the nose • ♂ Black ears - black should meet the white of the head • ♂ Black hooves and ankle area (black socks) • Black spots on knees and hocks (spots can be non-symmetrical) • ♀ Females must have a black tail spot. There must be a finger-width gap of white on the tail. • ♂ Male scrotum may be black, but the black must not spread upward into the belly area and fleece.	• ♂ Missing breed characteristics • ♂ Grey or brownish discolouration of markings on head and legs • ♂ Black sock has white indent or black travels up in to the white of the leg • ♂ Lack of roman nose	• ♂ Dwarfism • ♂ Over/Under shot jaw. Incorrect tooth position • ♂ Tail not docked in accordance with animal welfare guidelines • ♂ Black patches within the fleece boundary • ♂ Single testicles, unequal size, or missing testicles in the scrotum • ♂ Black on scrotum is allowed on to the belly area but must not extend beyond the naval or upwards toward the tail or body fleece • ♂ Black patch under tail • ♂ Absence of a black spot on the hock or front knee			
	Head & Neck	• ♂ Well proportioned, compact head • ♂ Roman nose, wide mouth, broad forehead • ♂ Pronounced, regal head shape in rams. ♂ Mature rams often develop protuberance behind horn base • ♂ Short, straight well-muscled neck					
	Horns	• ♀ Spiral, well set off from the cheeks; horizontal or curved • ♂ Horns curved in large spirals, well set off from the cheeks • ♂ Black stripes in the horns are acceptable					
	Chest & Shoulder	• ♂ Wide, deep, chest area • ♂ Shoulders line naturally with neck and chest • ♂ Rib cage curvature is well proportioned and rounded					
	Back & Loin	• ♂ Long, straight top line • ♂ Wide back and loin					
	Pelvis, Abdomen & Hindquarters	• ♂ Wide and medium-length pelvis • ♂ Medium sized belly with small belly hollows/pits (paralumbur fossa) • ♂ Well-muscled hindquarters					
	Weight	• Guide for adult animals: ♀ 155-200 lbs / ♂ 175-265 lbs					
	Withers	• Guide for adult animals: ♀ 28-30 inches / ♂ 30-33 inches • ♀ Well-spaced, wide					

CATEGORY	BREED STANDARDS GRADING CRITERIA					4-8 MONTHS	8-12 MONTHS	12-18 MONTHS	18-24 MONTHS	24-36 MONTHS	
						Max points which can be awarded (4/4/4) 12 points total	Max points which can be awarded (4/4/4) 12 points total	Max points which can be awarded (5/5/5) 15 points total	Max points which can be awarded (5/5/5) 15 points total	Max points which can be awarded (6/6/6) 18 points total	
	Points Deduction & Exclusion Criteria										
					Points are deducted based on lack of appearance, conformation and wool traits Exclusion applies when animals do not meet breed standards and are presented with flaws						
					Points Can Be Deducted For					Reasons for Exclusion	
										First grading or up to 18 months (Points are scored as 1 – if an animal receives a 1 for any of the flaws listed below, they will be disqualified)	
Conformation	Posture / Stance	-90 Hind legs correctly placed, not cow-hocked or bowlegged -90 Forelegs broad stance and not knock-kneed. -90 Slight hock angulation -90 Short, strong pasterns (45-degree angle)			-90 Points deducted where animal lacks in conformation criteria					-90 Pasterns worn through, extreme malpositioning	
		-90 Solid bone structure -90 Solid hoof department -90 Strong, sure footed, well set, evenly padded									
	Limbs	-90 Spacious, sure footed and wide legged -90 Doesn't sway or waver -90 Even and stable movement -90 Mobile with ease									
		Gait									
Wool		-90 Staple length is 4 inches based on 6 months growth (Recommended to be shorn twice a year) -90 Fleeces is uniformly white and balanced over the whole body -90 Wool on legs is thick and full -90 Wool on head is natural and long -90 Some black hairs /fibers are tolerated on the neck area in animals over 18 months old			-90 Flaw in fleece -90 Trimming or shaping wool with scissors Deduct points from appearance: -90 Uneven coverage of fleece on head, legs & body -90 Fleece is too long					-90 Multicoloured wool (black & white/spitt) -90 Kemp and tangles in the fleece as well as excessive awn hairs	
THE RULES ON MOUTHS											
• Over/Under shot jaw. Incorrect tooth position in animals 18 months and older results in point deduction during grading											
• Animals refers to Females & Males. **The Swiss are more stringent on teeth in males over 18 months, however both sexes can be deducted several points if any misalignment is identified but they are never disqualified.											
• Over/Under shot jaw. Incorrect tooth position in animals during first grading or up to 18 months results in exclusion											
• Animals refers to Females & Males. **Exclusion means disqualification. Disqualification means that if an animal, female or male up to 18 months is presented with any of the flaws (inclusive of mouths) listed in the 'reasons for exclusions' column those animals should not be exhibited.											
Note: In Switzerland the mouths of all animals are checked during the Autumm Shows, Miss Visp and Widdermarkt, if flaws are identified strict action is taken.
